INTRODUCTION

Nelcax International Ltd. is a technology and business solutions company dedicated to providing innovative, reliable and cost-effective solutions to businesses, organizations and institutions.

With over **10 years** of industry experience, we help organizations improve their operations, strengthen their digital presence, protect their assets, enhance their corporate image and adopt technology that supports business growth.

Our approach is simple: **understand the client's needs, provide the right solution, implement professionally and provide ongoing support.**

OUR OBJECTIVE

Our objective is to become a trusted technology and business solutions partner to organizations by providing dependable services that improve efficiency, security, visibility, productivity and profitability.

We do not simply provide products or services. We develop solutions around the specific needs and objectives of each client.

OUR SERVICES

Web-Domain Services

01

Domain registration, web hosting, website design and development, email solutions and ongoing web maintenance.

Software Design

02

Custom software solutions, web applications, mobile apps and system automation tailored to your business needs.

Marine & Equipment Tools

03

Supply of marine and equipment tools to support your operations with quality and reliability.

CCTV-Solar Surveillance

04

Advanced CCTV and solar-powered surveillance solutions for homes, businesses and industrial facilities.

Branding

05

Creative branding solutions including logo design, corporate identity, print materials and digital branding.

Vessel-Car-Automation Tracking

06

Real-time tracking solutions for vessels, vehicles and assets with automation features for better control and security.

Oil & Gas

07

Technology solutions and support services for the oil & gas industry to enhance efficiency, safety and productivity.

Telecommunication

08

Reliable telecommunication solutions including network infrastructure, internet connectivity and communication systems.

Automobile Import

09

Professional support for vehicle sourcing, shipping and importation from start to finish.

Corporate Registration & Certification

10

Assistance with business registration, documentation and certification to keep your business compliant and legally established.

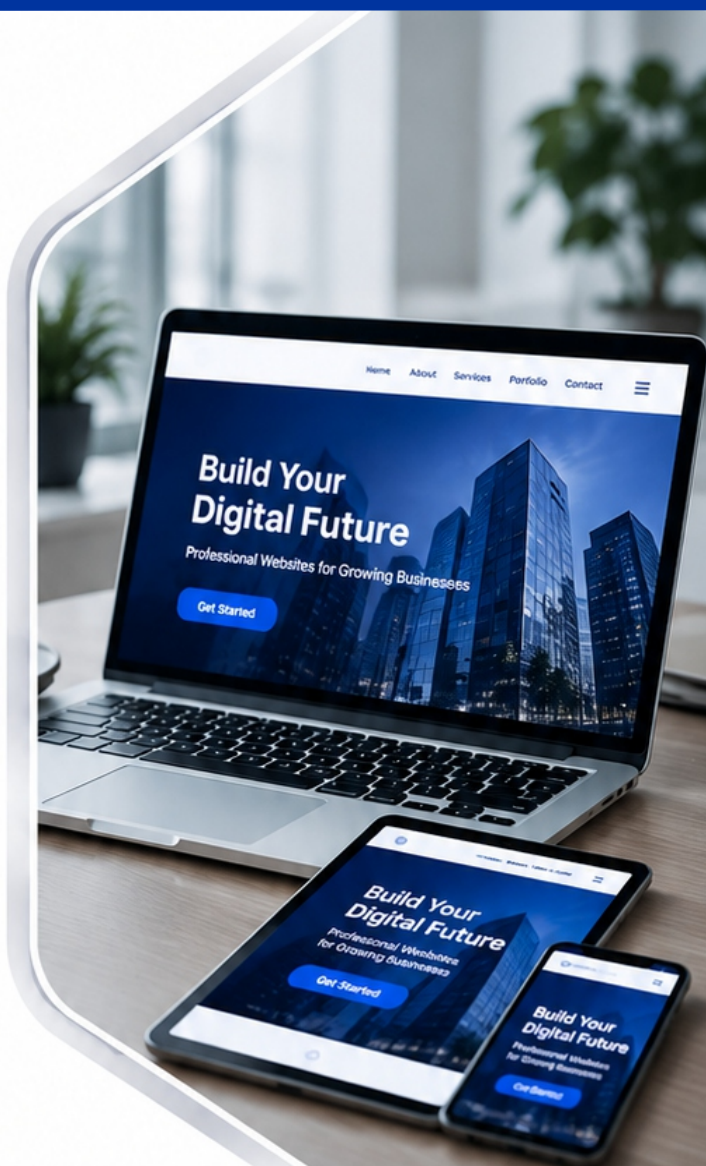

OUR SERVICES
